

Wonders

E/C# B/G#
Breaking tides under
E/C# B/G#
Moonlit nights calling
E/C# B/G# F#m
Without words to help describe

Skin like snow falling
On the ground drawing
Pictures soft and beautiful

All the wonders of
The vastness of heaven
Find just a glimpse of what you're worth

Amplified whispers
Making hearts tender
In a melting song of joy

A
Eyes are now wandering
B
Into the sky and above
A/C# B/D#
Searching what one cannot comprehend

A
Eyes are now wandering
B
Into the sky and above
A/C# B/D# A
Seeing wonders that sing the same song

Every Time (Million Years)

Verse 1:

C# Bbm

Every time I close my eyes

G#

And think of you

I find I see again

Every time I see you smile

The worst of days

Becomes the greatest I'd ever lived

Verse 2:

Every time I hear your voice

Say my name

Like sweet symphony to my ears

Every time I look into

Your caring eyes

I could walk on water

Pre-chorus:

F# C#

Being with you gives me strength

Bbm F#

I'll never thirst again

F# C#

Time cannot dull away

G#

The way I feel

Chorus:

Bbm

F#

I could spend a million years

C#

G#

In this moment here with you

Bbm

F#

And every time I'm in your arms

C#

G#

I pray that moment lasts forever

Bbm

F#

Even when the sun goes down

C#

G#

You're still here by my side

F#

Every time

The Music Box

Em
When I lie down
C
And think of you
G D
My heart sings tenderly of

Your faithfulness
Your warm embrace
Over again

The music box
That plays our song
Lights up the room as the morning sun

Reminding me
Of your beauty
As in my dreams

Am Em D
Like the sweetest of sounds
Am Em D
Like a soft melody
Em
To my heart

Em
When I sit down
C
And take to heart
G D
Words that you wrote to me from afar

In letters that
Remind me you're
Thinking of me

Am Em D
Like the sweetest of sounds
Am Em D
Like a soft melody
C
To my heart

C D
And all the stars in the sky
G C
Would fail to measure what you're worth
C D

And no mind could understand
G C
What you mean to me

Am Em D
Like the sweetest of sounds
Am Em D
Like a soft melody
Am
Know I'm yours
G D
Now and evermore

Em
I remember how
C
You'd dance for me
G D
Ever so gracefully as I played

A melody
You'd know the notes
Whisper three words

Am Em D
Like the sweetest of sounds
Am Em D
Like a soft melody
Am
Know I'm yours
G D
Now and evermore

Four Years

V1

D D/F#

Four years of tears

Bm

Four years upon the grave

G A D

That took you from my arms

Four years of pain

Wish you were here to say

I love you one more time

V2

Four years today

Four years I miss the way

You'd take my hand and pray

All is alright

It's all okay you'd say

Was if faith or merely hope

Pre-chorus

Em

D

I'm blinded by the moments that I spent with you

A

D

You told me God said all works out for good

Em

D

How could this be true four years today

A

Four years today

V2; Pre-chorus; Chorus 1

Chorus 2

I could barely hear that eulogy

As this cold dark world caved in on me

And I still can't see how this worked out for good

Yet I know that God said it would

Instrumental

Chorus 3

One thing I see is the love you gave to all
In seasons past the light you've shone for all
My heart it hides those memories away
Yes I know I'll miss you
I know I'll miss you

Red

B7 A#m7
A bright red rose from the ashes
Reddest wine spilt from a broken glass
Crimson blood pours from a weary heart
Deserts red and bringing hopelessness

G#m7 A#m7
But don't push the red away
G#m7
No matter how hard it seems
A#m7
For pushing the red away
B7 A#m7
Means the red rose falls from your gaze
B7 A#m7
From your gaze

B7 A#m7
Shadows casting upon your face
Lights go down shadows disappear
Searching for what's in front of you
Shadows blinding you could not see

G#m7 A#m7
Don't push the shadows away
G#m7
No matter hard it seems
A#m7
For pushing the shadows away
B7 A#m7
Means the light starts falling from your gaze
B7 A#m7
From your gaze

F# C#
See that rose
D#m
See it red
B
Bringing hope
F#
In hopelessness

C#
See the light
D#m
From the dark
B
And you'll know

B7

It's worth it all

A#m7

You're worth it all
